

Trainee Program

How do you go from ZERO to HERO?
The journey begins with the HEINEKEN Trainee Program!

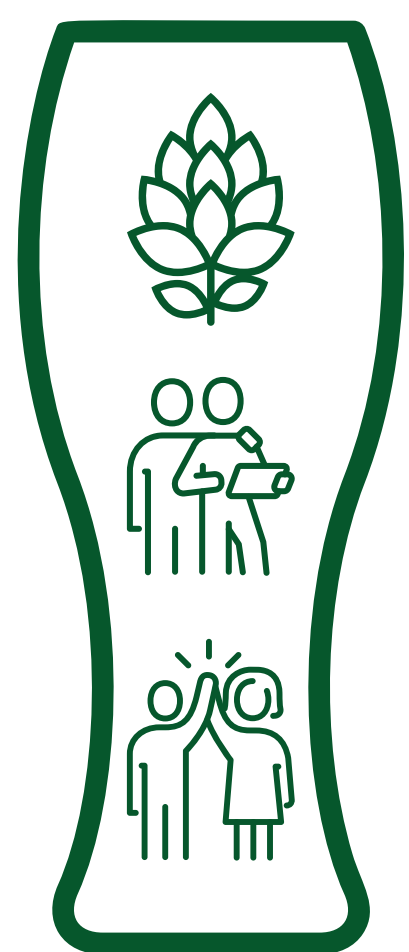

Have you made your plans, wish-lists and do you want 2024 to be a year full of opportunities? Then this ad is for you. We complete our team of colleagues from the **HEINEKEN Trainee Program**, with the aim of attracting fresh talent and writing new success stories together.

Who are we?

The world's largest brewer, with three breweries in Romania and a portfolio of iconic brands like Heineken® and Strongbow®; a company concerned with the environment and the community. Above all, **a team**.

What are we looking for?

1 curious and ambitious graduate, passionate about the beer industry and eager to join the team of trainees from our Management Trainee Program, and to start a career at HEINEKEN, in the Supply Chain department, in one of our breweries in Craiova, Ungheni or Miercurea Ciuc.

Why should you apply for the HEINEKEN Trainee Program?

Learn the secrets of beer and cider making. In the Supply Chain department, we are responsible for the entire journey, starting from the barley to the final product, and we love every step of this adventure.

During this year, a great training period and a lot of interesting activities and experiences with HEINEKEN mentors await you.

At the end of the program, you can get a **permanent job** in the company, becoming one of the HEINEKEN Makers - those who write, day by day, the HEINEKEN story in Romania.

How to apply:

Go to <https://www.linkedin.com/jobs/view/3802746958/>, apply and we will meet in person if you pass the first stage.

More information on the program, selection criteria and benefits may be found here as well.

**Good luck,
we can't wait to say "welcome to HEINEKEN!"**
